

Conférence Internationale en Sciences et Technologies Electriques du Magreb
Constantine, Algeria Oct. 27-29, 2026

جامعة الإخوة منتوري قسنطينة 1
Constantine 1 - Frères Mentouri University
Université Frères Mentouri - Constantine 1

CALL FOR PAPERS

CISTEM 2026 COMMITTEE

Honorary Chairs

Rector of the Frères Mentouri
Constantine1 University

Dean of the Faculty of
Sciences and Technology

General Chair

Pr. Abdelmalek KHEZZAR

Co-Chairs

Pr. Mohamed BOUDOUR

Pr. Slimane BOUAZABIA

Technical Program

Co-Chairs

Pr. Lotfi BAGHLI

Dr. Amina CHENTIR

Dr. Khalil NABTI

Finance Co-Chairs

Pr. Fateh KRIM

Pr. Mouloud CHALLAL

Publication Co-Chairs

Pr. Fatma Zohra CHELLALI

Pr. Abdelber BENDAOU

Dr. Salah REZGUII

Pr. Laid ZAROUR

Publicity Co-Chairs

Pr. Rabia MEHASNI

Dr. Abdelfettah BOUSSAID

Dr. Abderraouf BOULOUZENINE

Dr. Lamri LOUZE

Sponsor and Exhibition

Co-Chairs

Pr. Ahmed Lokmane NEMMOUR

Pr. Amar TILMATINE

Pr. Hacene BOUZEKRI

Website Co-Chairs

Dr. Mehdi OUILI

Dr. Mohamed Amine MOUSSA

TOPIC AREAS

It is with great pleasure that we invite you to the 6th edition of the IEEE International Conference on Electrical Sciences and Technologies in the Maghreb (CISTEM 2026), to be held from October 26 to 29, 2026 at the prestigious Frères Mentouri Constantine 1 University in Algeria.

Building on the outstanding success of previous editions held in Tunis, Marrakech, and Algiers, CISTEM has established itself as a biennial cornerstone event for electrical engineering specialists in the Maghreb region. Organized by the Faculty of Sciences and Technology, Constantine 1 University – Frères Mentouri, in close collaboration with a consortium of leading research laboratories and centers, as well as the Algerian Association of Electrical and Electronic Engineering (AAGEE), this conference provides a premier platform for scientific and technological exchange at both regional and international levels.

The 2026 edition aims to reinforce inter-Maghreb collaboration while expanding research networks toward Europe and beyond. A particular emphasis will be placed on addressing the major socio-economic challenges of the energy and technological transitions—critical issues for the future of the region. Inspired by the dynamics of top-tier international conferences, CISTEM 2026 will spotlight transformative technologies shaping the future, from sustainable energy systems to advanced applications in electronics, automation, and industrial computing. The goal is to create a stimulating environment that fosters constructive dialogue, collaborative research, and the sharing of expertise among scholars, engineers, and professionals.

In this context, contributions are welcomed in a wide range of topics, including but not limited to:

T1: Power and Energy Systems

T2: Machines, Actuators, and Automation

T3: Materials, Electromagnetic Phenomena, and Sensors

T4: Communications, Antennas, and Microwave Systems

T5: Intelligent Systems, IoT, and Industrial Informatics

T6: Signal Processing and Modeling

PUBLICATION OF PROCEEDING

In keeping with its tradition of excellence CISTEM 2026 will offer authors the opportunity to publish their work in IEEE Xplore. Accepted papers will be submitted for inclusion in IEEE Xplore, subject to meeting IEEE Xplore's scope and quality requirements. Furthermore, a rigorous selection of outstanding contributions will be considered for publication in high-impact partner scientific journals, ensuring broad visibility and dissemination of the research findings presented at the conference.

IMPORTANT DATES

April 1st, 2026
Paper Deadline

June 1st, 2026
Paper Acceptance
Notification

June 15th, 2026
Final Submission of
Accepted Papers
